THE BAKERY CULTURES  
OF THE WORLD

# OUR PURPOSE

**SINCE IT WAS CREATED BY LOUIS LE DUFF IN 1988,  
BRIDOR HAS BEEN DRIVEN BY A PASSION FOR BAKING.**

**Bread is at the heart of life, all over the world.**

It's part of our cultural heritage, and every country has its own lively and unique bakery culture that gets passed down from generation to generation.

Between tradition and modern techniques, both locally and globally, recipes intersect and get reinvented to align with what consumers want.

**Supporting and sharing bakery cultures worldwide.**

From French baguettes to tasty Nordic loaves, from butter croissants to red bean filled Japanese croissants, from Indian chapati to Brazilian pão de queijo, we are inspired to create exceptional products through the extraordinary expertise of bakers and chefs from around the globe.

Our breads and pastries are delicious and authentic, healthy and natural, always staying true to their origins.

**From the very beginning, Bridor has been driven by a passion for bakery:**

- Imagining and producing new recipes by showcasing a diversity of flavours,
- Ensuring excellence in our ingredients and supply chains,
- Combining large scale manufacturing strength with the virtuosity of bakery expertise,
- Defending it all with uncompromising quality and taste,
- Putting women and men at the heart of our efforts to create a more responsible approach...

**That's Bridor's mission.**

Together, let's share bakery's best talents and cultures, bringing the finest products to every table in more than 100 countries all around the world.

**BRIDOR,**

# LEADER IN MAKING PREMIUM FROZEN BAKERY PRODUCTS

## 1 / PRESERVING TRADITIONAL KNOW-HOW

Bridor has been working with the Meilleurs Ouvriers de France (Best Craftsmen in France) and Maison Lenôtre for over 20 years to create original products for a high-end clientèle.

Frédéric Lalos, Meilleur Ouvrier de France Boulanger (Best Craftsman in France - Bakery).

Rolls from the range produced in collaboration with Maison Lenôtre.

## 3 / INNOVATION AS A DRIVER

Bridor is inspired by the bakery cultures of the world to come up with authentic and flavoursome, healthy and natural products in line with consumer demand.

L'Amibote, a high-fibre baguette developed in collaboration with INRAE.

The Breizh'n'Roll, inspired by the Kouign Amann, the traditional Breton cake.

Some products are shaped and scored by hand on the production sites.

## 2 / QUALITY FOR OVER 30 YEARS

Bridor's production methods respect the products and resting times necessary for the flavours to develop. The teams consist of bakers, engineers and quality experts who work mainly on pure butter Viennese pastries, made following French pastry-making tradition. The breads are made from minimum T65 flour (traditional flour) and/or sourdoughs maintained for nearly 15 years.

## 4 / PEOPLE CENTRAL TO OUR ACTIVITIES

The company attaches great importance to the people who allow the company to thrive every day. Therefore, many investments are made each year to support the health, safety and well-being of the employees. Precedence is given to employing people locally and training is encouraged thanks to a system called PASSEPORT BRIDOR.

# BRINGING TOGETHER BAKERY CULTURES

**BBCC / THE BRIDOR CHEFS' CLUB**

## BEING INSPIRED BY BAKERY FROM ALL OVER THE WORLD

To sustain the bakery cultures of the world, we have created the Bridor chefs' club (BBCC). This club brings together bakery experts from all over the world. Together, they discuss local trends and share the bakery cultures specific to their regions. This club is a place of exchange, inspiration and transmission focused on a passion for bakery.

### INTERNATIONAL DISTRIBUTION

## THE BAKERY CULTURES OF THE WORLD, EVERYWHERE, FOR EVERYONE

Our products are distributed all over the world, thus allowing local flavours and specificities to travel among all consumers.

## THE BRIDOR INNOVATION DIVISION

### BAKERY TRENDS AND TRADITIONS, A BALANCE THAT WE TAKE TO HEART

Our R&D and Marketing teams analyse all the information received from our local experts in order to revisit our products taking inspiration from the bakery cultures of the world. With this in mind, we also propose innovations directly borrowed from local trends. They are designed to combine the tradition of our French know-how and the specificities of each region.

# COMMITMENT

## IS NOW ESSENTIAL FOR OUR PLANET

Because actions speak louder than words, we want to share a few concrete illustrations of our commitments with you.

Acting to protect people, but also our environment, goes hand-in-hand with the notions of transparency and transmission that are so important to Bridor.

**In 2020, we announced four commitments; today we want to highlight some of the actions developed this year.**

## CONSUMERS' HEALTH AND WELL-BEING

### **Commitment to better living and better eating**

#### **/ Recipes that are easy to understand and that contain the essential.**

Over 70% of our products are **CLEAN LABEL**<sup>(1)</sup>, such as all of our French-style classic breads, croissants and pains au chocolat.

Our objective by 2024 is for all of our references to be Clean Label. We intend to achieve this via a concrete progress plan of nearly 10% additional references each year.

#### **/ Our Clean Label recipes are made of natural and essential bakery ingredients:**

FLOUR

BUTTER

WATER

YEAST

EGGS

CHOCOLATE

SALT

SUGAR

SOURDOUGH

**For our more complex recipes**, ingredients from natural origin with colouring, aromatic and texture-enhancing properties may be added.

**Only ascorbic acid**, which plays a decisive role in the final quality of breads and Viennese pastries, is tolerated in our recipes. When it is used, it is always in a quantity of less than 0.02%.

#### **/ Our commitment to better eating is illustrated through:**

A "-25%" salt logo across the Collections for bread with an already limited salt content.

Find them from page 16 and on our website: [www.bridor.com](http://www.bridor.com)

(1) Concerns the bread, Viennese pastries, brioche and savoury collection families.

## THE QUALITY OF OUR INGREDIENTS

**The quality and origin of our ingredients at the heart of our purpose**

MOST OF OUR PRODUCTS HAVE LABELS. BUT WHAT DO THESE LABELS MEAN?

### OUR INGREDIENTS

#### / Flours

We are currently working closely with our suppliers in order to commit ourselves to a sustainable agriculture approach. This approach refers to agricultural practices that are favourable to biodiversity, guaranteeing that cereal crops are not treated after harvesting and also a commitment to ethical and fair trade practices with farmers. We are also committed to the French origin of our wheats. In 2021, for our breads, we are guaranteeing a classic wheat flour made from wheat grown in France. This commitment will be extended to our Viennese pastries in 2022<sup>(1)</sup>.

The Label Rouge guarantees a wheat cultivation and flour processing method that aims to ensure consistent quality.

#### / Butter

The PDO (Protected Designation of Origin) logo guarantees the geographic origin of the butter (Charentes-Poitou, France), its local production, its authentic know-how and its unique taste.

#### / Sourdough

This logo identifies products made with sourdough. Sourdough is a natural leaven made from a blend of flour and water in which an ecosystem of bacteria and yeasts develops. It gives the product organoleptic and nutritional advantages.

### OUR SPECIFICITIES

This logo identifies the products that meet our Clean Label requirements (see definition page 6).

This logo identifies products with a 25% reduced salt content compared to the average salt content of the reference product defined by ANSES<sup>(2)</sup> via the Ciqua<sup>(3)</sup> nutrient table or compared to the existing Bridor recipe. This calculation is based on the baked product.

This logo identifies products with a 30% reduced sugar content compared to the average sugar content of the reference product defined by ANSES<sup>(2)</sup> via the Ciqua<sup>(3)</sup> nutrient table. This calculation is based on the baked product.

This logo identifies products that contain at least 6g of fibre for 100g of baked product<sup>(4)</sup>.

This logo identifies products that contain at least 3g of fibre for 100g of baked product<sup>(4)</sup>.

The European and French *Eurofeuille* and *AB (Agriculture Biologique - Organic Farming)* logos guarantee that the ingredients are grown and processed in conditions that respect and protect the environment and people. A certified end product contains at least 95% of AB certified ingredients.

(1) With the exception of climatic variations making it impossible to supply 100% French origin wheat.  
(2) French National Agency for Food, Environmental and Occupational Health Safety.

## PROTECTING OUR ENVIRONMENT

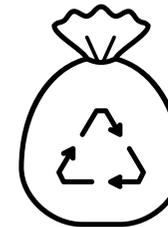

*A cause close to our heart*

PROTECTING OUR ENVIRONMENT IS ONE OF THE MAIN CHALLENGES OF OUR FUTURE. OUR INNOVATIVE ACTIONS ARE COMPLETED WITH EVERYDAY ACTIONS THAT REPRESENT A CONSIDERABLE REDUCTION OF LONG-TERM ENVIRONMENTAL IMPACTS:

### ACTIONS AT THE ADMINISTRATIVE LEVEL

**/** A "Newcomer's" kit has been introduced. It states which eco-actions to adopt at work as well as in everyday life. Thus, drinking bottles, mugs and tote bags are given to employees to minimise the use of plastic and disposable materials.

### ACTIONS WITH PRODUCTS

**/** To guarantee the integrity and good preservation of our products, they are grouped together in bags. Although these bags are made of plastic, we have decided to embark on a new step by **switching all production to transparent bags** to improve their recyclability.

### ACTIONS ON PRODUCTION SITES

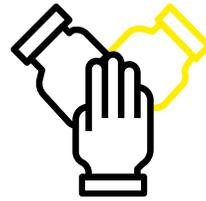

**/** In 2019, we recycled over 97% of our waste. Depending on type, it was recycled for animal food or to heat buildings in the region.

**/** 100% of our industrial water is used to irrigate fields close to our production sites.

**/** Food waste is also avoided via donations to associations (Les Restos du Cœur, Les Petites Sœurs des Pauvres, La Croix-Rouge Française).

For more details on our current and future actions, go to our website to view our CSR brochure.

## RESPECT FOR WOMEN AND MEN

***The only wealth is mankind***

### **/ Exoskeletons, a machine at the service of people.**

In 2019, we introduced four exoskeletons into our factory in Servon-sur-Vilaine. The initial objective was to allow an employee in physical difficulty to remain in employment. The principle was quickly duplicated over several divisions and we intend to continue to develop these practices.

In addition to this programme, we are strengthening ergonomic analyses with a scientific approach to assess their impact on employees that use them.

We want to develop muscular intensity sensors in order to quantify the effects of the exoskeletons and maximise the benefits for users thanks to improving our command of the equipment.

“ This work on exoskeletons will allow us to continue to improve our employees’ working conditions and therefore their well-being at work. ”

Benoît LOGEAIS / Industrial Director,

### **/ July, sign language month.**

To encourage this practice at Bridor and to continue our commitment, a *Sign Language Month* has been introduced. The principle is simple: every week, all employees receive a file containing simple and useful signs for everyday communication. A look back at the chronology of this approach:

**2018**

The maintenance team welcomed a deaf graduate. Throughout his induction, he was accompanied by a person equipped with the necessary technology to ensure communication (tablet). During these exchanges, the use of sign language naturally developed between the two colleagues.

**2019**

100 employees took a course in French Sign Language (LSF).

Bonjour (Hello)

**2020**

The company is pursuing its reflection on employment and disability by welcoming a new deaf colleague in the innovation and technological watch division at the end of the year.

To watch our videos dedicated to exoskeletons and sign language, go to our website, section: **“OUR COMMITMENTS”**.

# QUALITY HAS **ALWAYS BEEN** A CENTRAL FOCUS FOR US

Apart from the rigorous selection of noble raw materials, we set ourselves high standards throughout the life of the product.

## DURING THE PRODUCT MANUFACTURING PROCESS

### FOR **ALL OF OUR PRODUCTS**

- Teams of bakers, engineers and quality experts.
- Certified production sites: IFS, BRC.
- 100% made in France.
- Demanding Clean Label approach based on strict criteria.

### FOR **THE BREAD COLLECTION**

- Minimum T65 (Traditional bread flour).
- Sourdoughs maintained for nearly 15 years.
- Breads part-baked or baked in a real stone oven.
- Respect for artisanal traditions, with slow kneading, steady, gentle lamination, long dough proving times, and shaping and scoring by hand for some breads.
- Our own combinations of seeds and cereals to guarantee harmony of flavours.

### FOR **THE VIENNESE PASTRY COLLECTION**

- Mainly pure butter, made with fine butter or Charentes-Poitou PDO butter.
- Exclusively made with barn eggs.
- Made in the spirit of French pastry-making.

## DURING PRODUCT CONTROL

The in-house quality laboratories test all of the production every day.

Samples taken every 5 to 10 minutes from the line in order to validate the products' weight, size and appearance.

Samples taken every 15-30 minutes and baked to validate the finished product.

## BRIDOR'S QUALITY APPROACH ALL THE WAY TO THE CONSUMER

SUPPORT FOR OUR CUSTOMERS TO OPTIMISE THE BAKING OF OUR PRODUCTS

For the best taste, Viennese pastries should ideally be baked every 2 hours.

### THE FOUR TRUTHS ABOUT QUALITY

-  **1** TRAY ARRANGEMENT
-  **2** DEFROSTING
-  **3** BAKING
-  **4** RESTING TIME

To help you, use the **BRIDOR APP**, the application that helps you to plan your breakfasts and seminar breaks.

Service available only for the hotel sector in mainland France.

<sup>(1)</sup> The beneficial effect is obtained with a daily intake of 3g of beta-glucans from oats, oat bran, barley, barley bran, or from mixtures of these beta-glucans. The claims "High-fibre" and "Beta-glucans help to maintain normal blood cholesterol levels" conform to regulation (EC) No. 1924/2006.

# Organic

WHAT IS THE SECRET OF BRIDOR ORGANIC VIENNESE PASTRIES AND BREADS?  
CAREFULLY SELECTED RAW MATERIALS THAT MEET ORGANIC FARMING  
SPECIFICATIONS ALONG WITH BRIDOR'S HIGH STANDARDS  
FOR A TRULY EXCEPTIONAL PRODUCT.

## ORGANIC FRENCH FLOUR

100% of the organic wheat used for our breads comes from organic French wheat<sup>[1]</sup>. This will be the case for the wheat flours used in our Viennese pastries in 2022. The organic wheat flours are processed by local millers, less than 250 km away from the Bridor workshops. Environmentally friendly and traditional wheat-seed milling.

## ORGANIC FRENCH BUTTER

Since 2019, only French butter has been used in Bridor organic Viennese pastries. This approach began in 2017.

## FRENCH ORGANIC EGGS

Eggs from free-range hens, mainly fed with organic feed. Their food is mostly made on the farm or comes from organic farms in the same region.

[1] With the exception of weather conditions making supply impossible.

# The Organic Range

BRIDOR HAS BEEN A PIONEER IN THE ORGANIC MARKET FOR 10 YEARS NOW, WITH A WIDE RANGE OF ORGANIC BREADS AND VIENNESE PASTRIES MADE FROM CERTIFIED ORGANIC FARMING INGREDIENTS.

# Breads

## COMMITMENT TO BETTER EATING:

94% of our breads are Clean Label. This logo is affixed to the Collections that meet these requirements.

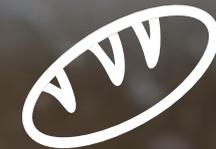

This logo illustrates bread with an already limited salt content.

## FLOURS SELECTED WITH CARE

Minimum T65 wheat flours.

Millers located less than 250 km from the production sites. We are currently working closely with our suppliers in order to commit ourselves to a sustainable agriculture approach. In 2021, for our breads, we are guaranteeing a classic wheat flour made from wheat grown in France<sup>[1]</sup>. For more information, see page 7.

## THE TASTE OF TRADITION

Doughs are worked, kneaded and formed slowly, with long rising and fermentation times for an airy crumb, fully-fledged and natural flavours. Our breads are baked or part-baked in a real stone oven.

## KNOW-HOW AND CREATIVITY

A range resulting from pure French baking expertise or inspired by the know-how of foreign bakers.

## THE BLEU BLANC COEUR LABEL

Nearly half of French people recognise the Bleu Blanc Coeur label and 83% of French people are convinced of this approach. Like the Bleu Blanc Coeur roll, Bleu Blanc Coeur products are made with ingredients from responsible and controlled agriculture. The Bleu Blanc Coeur roll is made with flax flour, the seeds of which are known for their rich Omega 3 content.
